A) New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application as per the PTO 948 mailed 3/1/93. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

B) The abstract of the disclosure is objected to because it does not disclose the claimed invention (use of antibody to protein C to inhibit microvascular bleeding as per claim 7). Correction is required. See MPEP § 608.01(b)
